Change of Venue

The case of F. P. Sizer vs The Frisco, W. B. Spaulding et al was argued in Circuit Court at Cassville Tuesday on demurrer on part of the defendant.

The demurrer was overruled by the court. A change of venue was then taken and the case will in all probability be transferred to Green county.

What Would You Do?

In case of a burn or scald what would you do to relieve pain? Such injuries are liable to occur in any family and everyone should be prepared for them. Chamberlain's Salve applied on a soft cloth will relieve the pain almost instantly, and unless the injury is a very severe one, will cause the parts to heal without leaving a scar. For sale by all druggists.

Dairy Farming

A Wisconsin dairy authority says that a dairy farm of 150 acres in that state will yield a clear profit of as high as \$3,000 yearly. Such land in Wisconsin costs \$75 to \$150 an acre. Just as good land in Missouri can be bought for \$25 to \$50 an acre and Missouri has a milder climate with its accompanying advantages for dairy farming.

Good Cough Medicine for Children and Grown Folks, Too

"We could hardly do without Chamberlain's Cough Remedy," says Mrs. Flora Despain of Bloyd, Ky. "I found it to be so good for the croup and have used it for years. I can heartily recommend it for coughs, colds and croup in children and grown folks, too. The above shows the implicit confidence that many mothers place in Chamberlain's Cough Remedy, a confidence based on many years experience in the use of it. No one need hesitate to use this remedy for it contains no chloroform, opium or other narcotics. For sale by all druggists."

Store Worth More To City Than Band, Says Court

The town band of Menden, Mo., will be required to remove its stand from the principal street of the village by a decision of the Kansas City court of appeals yesterday. The bandstand was built last summer directly in front of the store of H. C. Atterbury, a merchant of Menden. He complained that the crowd that collected every Saturday night to listen to the music blockaded the sidewalk so customers couldn't get in or out of the store. Mr. Atterbury brought suit against W. D. West, the mayor of the town, to have the bandstand removed. He was defeated in the lower court, but the Kansas City court of appeals decided that the merchant's business was of more importance to the welfare of the village than the music so the bandstand must be removed.

KINGS PRAIRIE.

The weather so far this fall has been most favorable for late wheat and grasses. Perhaps the weather maker wants to be good to make up for the scorching we got in the summer. Late wheat is already covering the ground. One man on Flat just finished sowing a field last week but he knows the virtue of those bottoms. Said he might have to pasture it before spring to keep down the growth.

We noticed an extract in Saturday's TIMES that struck the key note on hunting without permission. Every hunter in the country should put a copy in his hat. Not that all hunters are violators, but it wouldn't hurt a good hunter to know what the head is doing. A good many land owners would give permission to kill rabbits if consulted. This writer lacked a little in white washing and called them all boys.

When you hear shooting and banging back of the fields over our meadows and among our stock, you hasten down to see boys 30 years old, weighing 175 pounds, hiking for tall timber to get under cover until you are gone. The farmers are lenient or there would be a score of arrests every week.

E. R. Stribling went to Marbut church last Sunday to fill his appointment.

C. C. Carter has his new wagon scales ready to weigh your heavy truck.

Our road boss is out on the highways with plows and graders. We hope they will finish as far as they get.

Chas. Thomas, ex-sheriff, who runs a dairy wagon to Monett says there is more money and less exposure in the dairy business than in the sheriff.

The protracted meeting at Pleasant Ridge that has been in progress for some time conducted by the pastor, Rev. Mallwood, Baptist, closed last week. We do not know what the result was.

Four hunters in a hack were seen driving across the Prairie the other day. Three of them were so full of fire water they couldn't have told a yearling calf from a jack rabbit. The driver was all right only as he leaned forward to gad the horses he lost his balance and fell over the dash board. The team understood the situation and waited until he took his proper place. Such cases are unsafe shooting in your fields.

Will Haines, who lives southeast of Pleasant Ridge, held a big sale last week. Had a free for all dinner. The rain don't keep people from going to dinner. We do not know Mr. Haines' intentions.

Socialist Editor Appeals

The formal appeal of Fred Warren, editor of the Appeal to Reason, of Girard, Kan., convicted in the Federal District Court, Kansas Division, of sending an objectionable envelope through the mails, was filed Monday with the Clerk of the United States Court of Appeals in St. Louis.

Warren was charged with sending an envelope through the mails which bore an inscription reflecting on former Gov. W. S. Taylor of Kentucky. Warren was convicted, but judgment was arrested before sentence was pronounced.
